Position Running for:

Chair

Your Name:

Jiajie Luo

Your Email Address:

jiajie.luo999@gmail.com

Your CIGRE Individual Membership Number or Name of Collective that you work for:

620210563

Confirmation that you will be under 35 at the start of the term in office:

Yes

A brief Statement (250 words max): Highlight your experience, skills and why you are the right person for the role:

For the past few years, I have actively participated in CIGRE activities and taken below roles:

-Vice Chair, CIGRE UK NGN (2022-present).

-Secretary and Treasurer, CIGRE UK NGN (2021-2022).

-Secretary, CIGRE UK Technical Committee (TC) (2022-present).

-Secretary, CIGRE Joint Working Group B4/C4.93 on Grid Forming (2022-present).

Acting as the NGN Vice Chair for the last two years is precious experience for me and has prepared me for the Chair role. As the Vice Chair, I oversee NGN, supporting it delivering valuable events and knowledge to our members. In this role, I collaborate closely with NGN Chair and other Steering Committee teams and members, particularly on event organising, AGM/meeting chairing and finance. Besides, I act as an ambassador of NGN, promoting NGN and CIGRE UK, and handle external and internal queries.

Before Vice Chair, I was the Secretary and Treasurer. I looked after financial aspects of NGN, and led NGN meetings and supported event delivery.

Since 2022, I have been the Secretary of CIGRE UK TC. I am keen to bridge NGN, where young professional and students grow, with TC, where more experienced experts contribute. I intend to strengthen the cooperation and bring more values to our members.

In addition, I have 10 years of working experience in the energy sector with expertise in academia, OEM and consultancy.

Summing up, I believe that my experience has made me capable of the Chair role. I am happy to continue my contribution to the committee, and thank you for your support.
