

For the past few years, I have actively participated in CIGRE activities and taken below roles:

- Deputy Secretary and Treasurer, CIGRE UK NGN (2025-present).
- Vice Chair, CIGRE UK University Hub – Birmingham Region (2024- present).
- Communication supporter, CIGRE UK NGN (2024-present)
- Specialist, CIGRE Joint Working Group B4/C 103 AC Network Equivalents for HVDC and FACTS Project Studies (2024-present)

Presentation at CIGRE UK B4 Technical Liaison Meeting 2025

As an engaged and dedicated professional, my diverse experiences and skill set make me an ideal candidate for the Vice Chair position of CIGRE UK NGN. With a solid foundation in electrical engineering and a proven track record of leadership, I am equipped to contribute effectively to the network's goals.

My experience as Deputy Secretary and Treasurer demonstrated my ability to lead, motivate, and achieve results. My role in managing complex projects has honed my skills in strategic planning, stakeholder engagement, and problem-solving, all crucial for the position of Vice Chair.

Passionate about advancing the energy sector, I have actively participated in CIGRE's initiatives and contributed to discussions that shape the future of our industry. My involvement in these activities has provided me with a deep understanding of the challenges and opportunities facing the NGN community, and has reinforced my commitment to fostering collaboration and knowledge sharing among peers.

I am also a strong advocate for professional development and mentoring emerging talents in our field. I aim to enhance support for young professionals, ensuring they have access to the resources and networks needed to drive innovation and sustainability within the energy sector.

In conclusion, my leadership experience, industry insight, and dedication to empowering the next generation of engineers make me an ideal candidate to serve as Vice Chair, to contribute both CIGRE UK NGN's growth and its strategic objectives.
